Open 5/20 & 5/21 2-4. Hidden oasis! This custom-built, secluded home with only one owner in Earlysville is a must-see! Located on 2.8 beautifully landscaped and wooded acres this home feels like a private escape. Hardwood floors throughout the main level sparkle in the light from the large, newly-replaced bay windows. Entertainers will love the vaulted living room with stone fireplace that flows into the formal dining room. Pocket doors separate the formal spaces from the cozier kitchen and den to keep it warm on winter days. The den features a gas fireplace flanked by built-in storage, and the kitchen features maple cabinets, new quartz countertops and a large butcher block island with seating. Main level owner's suite features two walk-in closets and private bathroom with jetted soaking tub and heated floor! Second main level bedroom could also be a home office! Upstairs, three additional bedrooms and two full baths open to a large loft space/media area. Outdoor living spaces include a large screened porch with slate tile floors, covered front porch and composite wood rear deck for grilling! So much storage room for future expansion in the unfinished basement, attic storage and two car garage too!
